	When a crisis applicant is over the 150% of FPL, NM allows for the household's net income to be considered for eligibility if during

the 30 days

preceding the application, the household has faced a financial hardship, i.e., unforeseen medical/prescription expenses, emergency househol

d repair.

New Mexico Administrative Code (NMAC) 8.150.6209 Crisis Intervention Standards: Households who are over the income standards but meet the

crisis intervention requirement may be eligible for a crisis LIHEAP benefit.

NMAC 8.150.520.18 If a household is over the income standards, HSD staff should explore the household's financial circumstance and take

account any financial crisis in the household that may have resulted in the household's inability to meet its utility or fuel expense in the past

In these cases, the household's net income, rather than gross income, may be considered to determine income eligibility.

### **Section 4 - CRISIS ASSISTANCE**

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01 OMB Clearance No.: 0970-0075 Expiration Date: 12/31/2023

# LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

### **Section 4: CRISIS ASSISTANCE**

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold	
1	All Household Sizes	HHS Poverty Guidelines	150.00%	

### 4.2 Provide your LIHEAP program's definition for determining a crisis.

Households that have received a written disconnect notice from their utility vendor or a statement of non-delivery or sale of fuel from their fuel vendor due to lack of payment or inability to pay, do not have sufficient funds to open an account, or do not meet the security deposit require ments, may be eligible to receive a crisis LIHEAP benefit. The Department is required to provide intervention to resolve an energy crisis that may exist. The processing of the applications for households in a crisis situation includes contacting the utility company or fuel provider within the spe cified time frames to resolve. Contact with the utility vendors will be provided no later than 48 hours after the household's application for LIHEAP benefits has been approved and no later than 18 hours for households with a life-threatening emergency. Crisis intervention is not available to households that have already received a LIHEAP benefit in the current federal fiscal year.

HSD/ISD began distribution of the CARES LIHEAP in December 2020. Stimulus benefits were distributed to households that already rece ived a LIHEAP benefit during FFY20 and FFY21. These payments were sent on behalf of households that were in arrears or had a disconnect noti ce. Households that had arrears prior to the bill date of April 2020 were not eligible for the benefit. The total grant amount available from the CA RES act for LIHEAP was \$5.385.500 and will be accessible until 09/30/2021 or until funds have been exhausted:

- -Customers did not need to fill out an application for this benefit;
- -Utility Vendors provided customer information based on arrearages through the Secure Transport Server.
- -These funds were be paid directly to the utility vendors on behalf of the customer;
- -Supplemental Benefit was a one-time lump sum amount of \$300.00;
- -Households receiving the COVID-19 benefit were tracked separately from those that have/will receive regular LIHEAP funding for FFY2 020/21:
- -If two vendors had the same customer in arrears or with a current disconnect, ASPEN issued the benefit to the vendor with the highest bal ance.

### 4.3 What constitutes a <u>life-threatening crisis?</u>

Per NMAC, 8.150.100.7, a life-threatening situation is a related emergency that poses a threat to the health or safety of one or more members of the household.

Eligible households with a life-threatening emergency will be provided assistance no later than 18 hours after the household's application f or LIHEAP benefits. Assistance is defined as contact with the vendor to intercede on the household's behalf to resolve the crisis situation.

### Crisis Requirement, 2604(c)

Bill Assistance Case desk reviews are conducted monthly by LIHEAP staff. These desk audits are randomly selected and are completed by staff to ensure that policy and procedure are being followed by field staff approving applications.
Payment reviews are part of the state's eligibility system, ASPEN. ASPEN generates error alerts on LIHEAP cases where a benefit cannot be issued. Staff will correct the error to ensure that the payment is released to the vendor/client. (Sample attached)
Weatherization LIHEAP Central Office monitors the weatherization contractor monthly by evaluating the invoices and unit report and yearly by conducting an o n-site Management Evaluation (ME) and a desk audit.
10.7. Describe how you select local agencies for monitoring reviews.
Site Visits:
Bill Assistance In lieu of site visits, HSD has implemented desk audits that are conducted by the LIHEAP Unit. A random sample of 400 cases is chosen monthly and LIHEAP staff review applications and required documentation to ensure that ISD field offices are complying with state and federal rules/regulations. Staff work directly with field office managers to ensure that cases improperly processed are corrected.
Weatherization The Management Evaluation (ME) consists of a site visit to MFA and their weatherization providers. We rotate between the providers yearly unle ss concerns arise to evaluate the provider the following year.
Desk Reviews:
Bill Assistance  Desk Reviews are done monthly in the LIHEAP office. These are randomly chosen and then reviewed to ensure policy and procedure are followe d.
Weatherization  Monthly desk audits are conducted on the invoices and unit reports in conjunction with a yearly on site audit of the contractor.

A notice of public hearing was posted in the local state newspaper and the New Mexico State Records Center and Archives on June 22, 20 21. The proposed state plan was available on the HSD website. Individuals could also request that a copy be mailed to them. The Public Hearing was held on July 22, 2021 at 9:00 am MST via Go To Meeting at https://global.gotomeeting.com/join/535121069 or by phone at 1(312) 757-312

Before submitting the Draft LIHEAP plan to leadership for approval, LIHEAP staff reaches out to utility vendors, non-profits and staff for their input on the proposed plan. Changes to the plan are made if through the discussions they are found to be beneficial for the customer or if changes do not have to be made to the eligibity system. For instance, last year NM Gas asked if we could deduct the amount of medicare insurance premiums being paid by customers so that it would not be countable as part of their income. After reviewing, we found that the suggestion would have required an eigibility system change and it would have been very costly. Consequently, this change was not made. We also work closely with the weatherization contractor for their input on the weatherization portion and changes are made accordingly to ensure that our most vulnerable populations are being served. LIHEAP staff feels that working with stakeholders, staff, and utility vendors on the development of the draft plan is a proactive approach.

Based on suggestions from nonrofits, a conversation was held with ISD Leadership and field representatives regarding the required 30 day income verification. The change was recently made to use current income on file if the household has applied for and received benefits for another ISD programn, i.e., SNAP, TANF. This decision was made so as not to cause the household undue burden. If the household is applying for LIHE AP only, then it is required that current income within the last 30 days be provided. New Mexico has a year round LIHEAP program, there are con stant conversations with utility vendors, field staff, and management regarding program enhancements.

Another significant change that was made is that Tribal members living on Tribal Lands could not apply for state LIHEAP. We changed o ur system so that if a tribal member applies for tribal LIHEAP and the tribe has exhausted their funding, the tribal member is allowed to apply for state LIHEAP <u>IF</u> they can provide a letter written to them from the tribe that all Tribal LIHEAP funding has been exhausted and that they have be en denied for a LIHEAP benefit.
